1. You should receive this instruction sheet (1) a question set and (2) an answer book. You can use the blank space of the question set for the calculation of mathematical problems. If you have not received any one or more of these, please stand up and ask the invigilator for the item(s) you need. At the end of the test, you must submit both the sets.
2. Write your name and Application ID number on the Answer Sheet and in the space at the top of this set.
3. Each section has its own answer sheet in the answer book. Answer the multiple-choice questions in the answer book by putting a cross (X) in the appropriate box. Do not put more than one cross (X) for an answer as it will be considered a wrong answer. Do not answer any multiple-choice questions on the question set.
4. You are advised not to leave any multiple-choice questions unanswered as a wrong answer will not lead to a negative marking.
5. You may use the blank spaces of the question set for rough work. Do not use any other paper for rough work.
6. You may use pencil for rough work but final answers must be in ink (ballpoint or fountain pen).
7. You may use non-programmable calculator.
8. You are requested to obey the instructions given below:
 - Keep absolute silence during the whole duration of examination.
 - Do not communicate with other candidates in any manner.
 - Do not copy from any source.
 - Cell phones are not allowed in the examination hall

Failure to follow the above instructions may lead to the cancellation of your answer script.
